# KEVIN TAYLOR

Denver's only Four-star, Four-diamond restaurant offers diners a vibrant and unique experience in the historic, award-winning Hotel Teatro. From a fabulous affair in the main dining room to private dinners in our intimate wine cellar or enclosed mezzanine, Denver's finest servers will cater to your every need. Nationally acclaimed Chef Kevin Taylor has an uncanny ability to match flavors, walking delicate lines between Mediterranean, French, the American southwest and the Asian rim and continues to call Restaurant Kevin Taylor his 'pride and joy.'

**Cuisine:** Contemporary French ~ Chef Kevin Taylor creates seasonal menus that showcase elegant presentations of the freshest and finest quality ingredients from around the world.

**Ambiance:** Natural materials in a muted palette of black, white and gray create the new contemporary, chic surroundings of the intimate dining room in downtown Denver. Dark paneling contrasted by stark white walls create drama highlighted by stunning natural seashell and Swarovski crystal chandeliers suspended from 18' ceilings. The main dining room and mezzanine feature impressive works by Colorado artists, Emilio Lobato and Dale Chisma, provided by William Havu Gallery. Artisan wooden chairs with sumptuous leather and ebonized Makassar tables topped with Bernardaud China, Reidel Stemware and custom hand-blown glass vases by KTRG's own chef, Michael Saull, complete the four-star setting.
